LB 26, 141, 529

SENATOR GEORGE: Mr. President, I would request that we pass over. I believe the Omaha delegation has some trouble with ice on the roads this morning and they are not here yet.

PRESIDENT: I do not believe Senator Koch has arrived.

SENATOR GEORGE: No, he has not arrived.

PRESIDENT: All right. Mr. Speaker, we will pass over then if that is agreeable to you and the body. If there is no objection we will pass over 141 in the absence of Senator Koch.

SPEAKER MARVEL: Fine.

PRESIDENT: We will proceed then with LB 529, Senator Chambers, your motion to withdraw. Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman, members of the Legislature, as a member of the troglodyte committee which has killed a similar bill I do not see the need to put the people who testified on that first bill through the same thing again. The same result would occur so in the interest of good sense and saving time I am going to request that this bill, which is mine, be withdrawn.

PRESIDENT: All right, any further discussion? We will vote on it, Senator Chambers, so all those in favor of Senator Chambers' motion to withdraw LB 529 vote aye, opposed nay. Have you all voted on Senator Chambers' motion to withdraw one of his bills? LB 529. Have you all voted? Record the vote.

CLERK: 27 ayes, 1 nay on the motion to withdraw.

PRESIDENT: The motion carries. The bill is withdrawn. We will proceed then with General File. Before we do, Speaker Marvel... Proceed then with General File, agenda item #10 and pending is, Mr. Clerk, I believe, LB 26. Mr. Clerk, do you want to bring us up to date as to where we are on LB 26 for the record?

CLERK: Mr. President, LB 26 was a bill introduced by Senator Maurice Kremer of the 34th. (Read title.) The bill was read on January 4. It was referred to the Public Works Committee. The committee amendments were adopted by the body on February 15. It was considered by the body yesterday at which time Senator DeCamp made a motion to
